The Association benefits from a club apiary stocked with several colonies;
these may be used in training and more generally for occasional Open Days.

The Apiary Manager works with a team of experienced beekeepers to examine
the apiary colonies regularly and newer beekeepers are encouraged to attend
and help.

The inspections are advertised as 12pm taking place on Saturdays and should
only be varied due to unfavourable weather conditions.

If you would like to attend one of these sessions, please text Karon Thomas-
West on 07956 535654 for confirmation of times.
